246110302

Centropen's Fineliners with a new ergonomic design are a perfect product for the office, classroom and at home. Renowned for their quality, these Centropen Fineliner pens have a lovely ergonomic design which are comfortable to hold and have a nice and smooth lay down of ink. Featuring a simple pocket clip to fix to your notebook for ease of use. With a line length of 1500m and a line width of 0.3mm. 14 day cap off time.

PENS

FINE LINER ELITE

247210401

Centropen Elite Fineliners have a modern design with a rubber ergonomic grip zone that make for added comfort whilst writing. Whilst the silver finish adds a touch of luxury to this every day writing pen. Made by pen experts, the renowned Centropen, the Elite Liners are filled with special dry safe water based inks which means that the dry safe ink does not dry in the tip even after 14 days when left without cap.

PENS

HAND WRITER

Revived with a new triangular shape and special Ergo grip, Centropen's Handwriters are designed for comfort and ease of use. The handwriter ergoline uses a special non-drying ink which means even if it is accidentally left uncapped, the tip will remain wet for up to 14 days. With a 1.2mm tip and a line width of around 0.5mm these handwriting pens are ideal for everyday use. Available as mixed packs. Enquire for bulk.

COLOURING

COLOUR WORLD PENS

755503010

Colour World pens by the renowned Centropen. A lovely set of colouring pens for everyday use. Expertly designed by Centropen to include an ergonomic grip ideal for little hands. The ink is non hazardous to health and washable which makes these pens a great go-to option for children, schools and educational settings as well as families.

The Colour World pen has been tested to safety standards EN- 71, Parts. 1,2,3,6,9 which gives another layer of comfort to parents who love to see their children explore their creativity. And the pens resist drying for up to five years which means when you put them away in your crafty cupboard and rely on them working time and time again.

Available in 7 different pack sizes; 4, 6, 10, 12, 18, 24, 30. Also available in pastel colours (next slide) in pack sizes ; 4, 6, 12

COLOURING HAPPY PENS

546010601

A writing felt tip pen with colour. Happy Pens are an ideal choice for writing in colour, doodling, sketching, making notes, lettering, handwriting, bullet journaling. A versatile choice for use at home, in the office, in the classroom - for your creative needs. These Happy pens have washable ink that gives a good laydown of colour on the page.

Create stand out notes, whether you're revising or simply looking to switch up occasionally from blue and black. With an ergonomic design these pens are comfy to hold and have a clip that will slide onto your notebook for ease. With a tip width of 2.5mm and a line width of 0.7mm these pens can also be used to add a little detail to your lettering designs as well as being a fun option for your every day writing. Enjoy your Happy Pens :-)

725801801 – 18 Pk

MARKERS ECO

ECO colouring pens that are filled with water based ink containing food colourings. The food based colourings are not harmful to health and the inks are washable off most fabrics and skin. With a triangle ergonomic grip the pens are comfortable to use and have a ventilation cap that can be posted on the end of the pens. Use the bullet tip of 2mm to create a line width of 1mm with a range of different colour options. Centropen has expertly created these pens with younger artists in mind as the rounded tip is resistant to pressure.

DRY SAFE

725101201 – 12 Pk
725101801 – 18 Pk

586100801 – 8 Pk

Centropen's Dry Safe markers are ideal for children. If you're in the classroom or at home and you often find a lid missing off one of the pens – then Dry Safe may be a good option. 'Dry Safe' essentially means that the ink is specially formulated so that the markers do not dry up quickly if the pens are left without the cap on. Amazingly these pens still work for up to 60 days after accidentally leaving the cap off. The washable ink is another bonus along with the ventilated cap for added safety.

MARKERS MAGIC

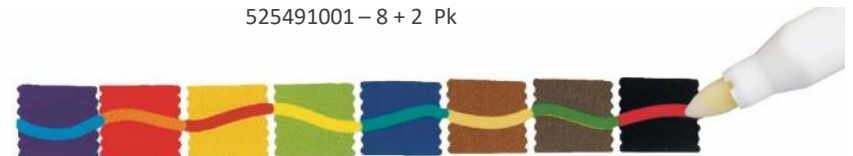

Amazing Magic Markers by Centropen are wizardry at work. Colour and then experiment with the colour changing pens for depth of design and experimental colour. The changeable inks are non hazardous to health which is a layer of comfort to teachers, parents, grandparents and carers!

525991002 – 8 + 2 Pk

525491001 – 8 + 2 Pk

MARKERS

BIGGA

Bigga Markers are what you'd expect. They're 'bigger' than usual colouring pens. With a larger conical shaped tip which can cover larger colouring areas. In fact depending how you manipulate the pen your line width can be as big as 6mm or as little as 1mm. That means these pens can be used for large colouring projects as well as for finer details as children learn how to manipulate a pen and pen tip.
