## our philosophy

Creative people, a marketing team, engineers ...  
Yookers is first and foremost a reunion between  
passionate people from different universes who  
decided to innovate together.

We believe that the truth can be found in joining  
ideas.

It is towards this goal that we have created our  
pen finding the perfect association between two  
worlds that at first seem opposite.

**We wished to combine the soft use of the  
traditional felt-tip pen together with the fluidity of  
fountain pen's ink cartridge.**
