

## WELCOME TO MANUSCRIPT'S 2021 CATALOGUE

Combining heritage and modern design, Manuscript Pen Company is a family business that has been working in the UK pen trade since 1870.

We've come a long way since then, but vitally we continue to produce quality products to get people writing. Innovation is at our core and we are always looking for new ways to push the boundaries of what calligraphy pens, art and crafts sets can be used for, attracting beginners and experts alike from all over the globe. Plus, our product is proudly designed in England and our company is certified as "Made in Britain". Speaking of the UK, we have now been exclusive Distributors of a number of exciting pen, gift and stationery brands in our domestic market for over a year. Our key strategy in Distribution is to represent those companies with the same drive and innovation in which we operate our own brand.

2020 has been an unprecedentedly tough year for all and our thoughts go out to those affected both commercially and personally. Manuscript has faced the challenges of the pandemic head on and have continued to service our loyal customers during multiple lockdowns, operating as safely as possible of course.

We look forward to 2021 with hope and optimism, we are very excited to launch a range of new products that will serve our core calligraphy market as well as enhance our lettering and crafting categories with new innovations. Our new Manuscript Class Collection will be the ultimate Kit you will need to learn a number of different artistic mediums including Calligraphy, Lettering and Illustration. Developed as a "Teach Yourself" kit complete with comprehensive handbooks and the writing tools to get started, the Manuscript Class Collection is perfect for beginners and beyond.

Additionally our Children's brand, "Lionheart Collection" continues to grow with the focus on colouring, crafting and educating. We now offer a large selection of products that encourage writing, learning, and developing fine motor skills for kids. This will be a huge year for Arthur and the gang so watch this space...

2021 is set to be a busy year where we will continue to encourage people to put pen (or pencil) to paper through our World Calligraphy Day celebrations in August, as well as recognising another belated milestone as my family celebrates being a part of the pen industry for over 150 years! It has been a wonderful journey celebrating many highs and lows, and we have lots of activity planned throughout the year to celebrate.

As always, we remain dedicated to our brand, our staff, our customers and the quality of products that we produce and I would like to thank both the team at Manuscript and our customers for their continued loyalty to the brand throughout 2020. Do please check out our website, [www.manuscriptpen.com](http://www.manuscriptpen.com), and if you have any questions, need planogram ideas, or have any product imagery or video requests then do contact [mpcsalesteam@manuscriptpen.com](mailto:mpcsalesteam@manuscriptpen.com)

Take care everyone.
