## STEP 1

Take your piece of card and draw a cloud shape, you want it to be about 10cm wide by 6cm high. Draw a smiley mouth and a pair of eyes on the cloud using your black pen. Cut it out carefully with the scissors.

## STEP 2

Draw a triangle on the card, approximately 6cm along the base and 3.5cm high. Add tabs to two sides of the triangle and then cut this shape out.

## STEP 3

Score your scissors along the edges of the two tabs using a ruler. Fold the tabs over so you are left with a perfect triangle.

## STEP 4

Add glue to the back of the tabs.

## STEP 5

On the back of the cloud, position the triangle so the open end is facing the bottom edge. Leave a space between the bottom of the cloud and the triangle as this is where we will be attaching the rainbow later on. Leave to one side for the glue to dry while you complete the next step.

## STEP 6

Draw a rectangle on the leftover card 8cm wide by 10cm high. Place the card in a portrait position (shortest sides at the top and bottom) and use your ruler and pencil to divide the rectangle into eight equal 1cm wide sections vertically. Cut out the rectangle.

## STEP 7

Colour each strip of the rainbow in using red, orange, yellow, green, blue, light blue, purple and pink. We placed a piece of scrap paper underneath the card we were colouring in so we wouldn't get any ink on our desk and then we could go right up to and over the edge without making a mess.

## STEP 8

Place glue along the top edge of the rainbow.

## STEP 9

Stick it to the bottom of your cloud on the reverse side.
